What's New in the?

Bitcoin price ticker for PC desktop. Bitcoin pcTicker BTC is a simple, straightforward Bitcoin price ticker for your desktop. Aiming to offer you live price information for Bitcoin, pcTicker BTC displays the information on your desktop, in a small window that resembles a stock ticker. pcTicker BTC is a simple, straightforward Bitcoin price ticker for your desktop. Aiming to offer you live price information for Bitcoin, pcTicker BTC displays the information on your desktop, in a small window that resembles a stock ticker. Bitcoin is the first and the most popular crypto coin, and many have decided to buy it, anticipating a rise in its price. Keeping an eye on the evolution of prices is important, as you can forsee rise and falls, which should trigger following purchasing or selling decisions. Aiming to offer you live price information for Bitcoin, pcTicker BTC displays the information on your desktop, in a small window that resembles a stock ticker. With a black-based design, the ticker seamlessly integrates with any desktop design choice. It can be easily placed anywhere on the desktop using drag and drop. Set the price update time interval with a few clicks Right-clicking on pcTicker BTC reveals its main menu, which bundles its configuration options. You are free to choose the price updating time interval, which ranges from 30 seconds to 60 minutes. On the downside, there is no option to set your own time interval, meaning you will have to settle for the default options. With a single click, you can also update the price value on the spot. A price ticker designed for Bitcoin investors pcTicker BTC is not a complex application, but it should come in handy to Bitcoin investors. Transforming it into a more versatile cryptocurrency price monitoring tool, with options to keep an eye on the price evolution of more than a single crypto coin, would really add to its value. Description: Bitcoin price ticker for PC desktop. Bitcoin pcTicker BTC is a simple, straightforward Bitcoin price ticker for your desktop. Bitcoin price ticker for PC desktop. Bitcoin Bitcointicker BTC is a simple, straightforward Bitcoin price ticker for your desktop.
